Practice Complaints Procedure

We strive to provide the best possible service to all of our patients. But if you feel unhappy about any aspect of your care or our service, then please let us know, your feedback is essential in helping us to improve our standards.

Who Can Make A Complaint?

A complaint may be made by any current or past patient, their appointed representative or if the patient is a child, by a parent, guardian or an organisation under the Children Act 1989. Where the patient is an incapable adult, a relative or other adult person who has an interest in the patient's welfare may make the complaint instead. The complaint should be made within 12 months of the date of the occurrence or from when it was first noticed.

How Can I Complain & What Happens?

In most cases, complaints can be dealt with simply and informally by talking them through with the Practice Manager, Anne Green, who will investigate any complaints you make. She can be contacted as follows:

Farnham Park Health Group
Farnham Centre for Health,
Hale Road,
Farnham GU9 9QS

Telephone: 01252 723122 email frimleyicb.adminfphg@nhs.net

Complaints, whether verbal or written, will be:

Recorded.

Acknowledged, either verbally or in writing, within three working days starting from the day on which your complaint was received or, where that is not possible, as soon as is reasonably practicable: and

Properly investigated.

As soon as reasonably practicable, you will receive a written summary of the investigation and its conclusions; Where an investigation requires consideration of the patient's medical records by someone outside of the Practice, you will be notified that it will involve disclosure of your records to a third party.
